

September 2020 Program News

Dear Checkered Door Families,

Times flies when we are learning and having fun! This week marks the end of Module 1.

Module 2 begins Tuesday September 29th and runs until October 22nd. Payment is required before starting Module 2 to secure a seat for your family member. As we move forward into the October modules, we will continue to offer small class facilitation at our facility at 80 Bradford Street. However, please be advised that if COVID 19 numbers continue to escalate, which may result in health and safety concerns, we will offer a blended classroom (combination of virtual and face to face learning opportunities). At this time, all classes will continue following the current schedule.

To prepare for a possible shift to a supported, virtual classroom option, we are training your family member to access digital tools effectively. In the coming weeks, we will be practicing these skills daily in class (Logging in, accessing drive, engaging with e-materials, etc.) therefore, please ensure that your family member brings a tablet or laptop to each class. This will be strictly for their own use. If this request creates any challenges for your family, let us know so we can provide further support.

I am so very proud of all the students in attendance. During September there was considerable evidence of social learning and emotional regulation taking place in all classes by all our students. Well Done Everyone!
